GlobalCare, Inc. to exhibit in HCAA trade show in Denver, CO

Alpharetta, GA, June 25, 2010 - GlobalCare is pleased to announce that it will be exhibiting for the second year in a row at the annual Health Care Administrators Association (HCAA) Trade Show in Denver, CO scheduled between July 21st and July 23rd.

HCAA's annual TPA University offers valuable insight and information to Third Party Administrators on industry-related issues, key trends in the marketplace along with networking opportunities to all attendees. Industry leaders will cover a variety of topics and will present in a way that can apply to real-life operations. This year, TPA University will focus on "Gearing Up for a Challenging Future".

"HCAA's TPA University is an invaluable forum to obtain and share best practices with leaders in the TPA space", states Robert Marcoux, Vice President of Marketing and Sales. "We look forward to renewing acquaintances and forming new ones as well".

Please visit GlobalCare in the conference room within Denver's Westin Tabor Center.

Formed in 1980, HCAA member include TPA's, insurance carriers, managing general underwriters, audit firms, physician hospital organizations, broker/agents, human resource managers and health care consultants. HCAA was originally formed as a California-based not-for-profit that acted as a legislative and regulatory advisory group for third party administrators and related service providers. TPA's soon needed a voice in Washington as well as educational opportunities with leading experts in the industry.

GlobalCare Inc is a Georgia based corporation providing network management and cost containment services for over 15 years with its headquarters in Alpharetta, GA. Our core business is to maximize the savings on every medical claim by steering members into the most appropriate level of care at the time of any medical event. GlobalCare delivers network optimization and work flow management to return the greatest discounts with the lowest transaction costs. Through the deployment of proactive, interventionist measures medical costs are controlled at the outset. Payers attain greater efficiency both operationally and financially through utilization of GlobalCare's proprietary technology. Visit www.globalcare.net for more information.
