### **GlobalCare Inc announces additional PPO network access with California Foundation for Medical Care**

**February 27 2010, Alpharetta, Ga** - GlobalCare is pleased to announce the ability for its clients and their covered individuals to properly access California Foundation for Medical Care as an integral component of GlobalCare's PPO network optimization and work flow process management services.

California Foundation for Medical Care (CFMC) is a PPO organization representing a unique partnership of 15 Foundations for Medical Care located as far north as Humboldt and as far south as San Diego, covering the entire state. CFMC was organized nearly 45 years ago and now serves over 1.2 million Californians with access to nearly 34,000 physicians, 300 hospitals and 5,500 ancillary providers.

"We are very excited to partner with a company such as GlobalCare. This will give us the opportunity to offer new patients access to a wide variety of quality providers and facilities", states Dolores Green, CFO for CFMC.

California Foundation for Medical Care, as a physician-driven organization, is committed to providing high quality health care while allowing patients the freedom to choose their providers. Through their comprehensive network of health care providers, careful utilization review, and peer review, they have demonstrated significant savings for their clients. For additional information regarding California Foundation for Medical Care, please call (800) 334-7341 or visit their Web site at [www.cfmnet.org](http://www.cfmnet.org)

GlobalCare Inc is a Georgia based corporation providing network management and cost containment services for over 15 years, with its headquarters in Alpharetta, GA. Our core business is to maximize the savings on every medical claim by steering members into the most appropriate level of care at the time of any medical event. GlobalCare delivers network optimization and work flow management to return the greatest discounts with the lowest transaction costs. Through the deployment of proactive, interventionist measures medical costs are controlled at the outset. Payers attain greater efficiency both operationally and financially through utilization of GlobalCare's proprietary technology. Visit [www.globalcare.net](http://www.globalcare.net) for more information.
