GlobalCare Inc announces Vaishali Vinayak and Rajya Prasangi as new Software Engineers

January 4, Alpharetta, Ga - GlobalCare is pleased to announce the hiring of Vaishali Vinayak and Rajya Prasangi to the Information Technology department.

Ms. Vinayak holds a Masters degree in software and joins GlobalCare with more than seven years experience software engineering. Vinayak has experience with various Microsoft technologies and platforms including handheld devices. Prior to GlobalCare she worked for Spidelogic as Consultant and developed applications using SharePoint and ASP.Net.

Ms. Prasangi holds a Masters of Science in Computer Science and is a Microsoft certified professional. She has more than six years experience in software development on Microsoft .Net Technologies. Prasangi has strong cross-platform skills, and is well exposed to different development methodologies

Both Viniayak and Prasangi will be working on the transition to HIPPA ASC x12 version 5010 and enhancing the existing applications for GlobalCare. Pete Wingrove, Director of IT for GlobalCare states, "Both Rajya and Vaishali bring significant software development skills and accomplishments to GlobalCare. GlobalCare IT is advancing its system and application software to the next level in terms of flexibility, performance, ease of maintenance, and scalability. The skills, knowledge, and experience they bring to the team are critical to these efforts and will enable GlobalCare to continue meeting both short and long term business demands."

GlobalCare Inc is a Georgia based corporation providing network management and cost containment services for over 15 years with its headquarters in Alpharetta, GA. Our core business is to maximize the savings on every medical claim by steering members into the most appropriate level of care at the time of any medical event. GlobalCare delivers network optimization and work flow management to return the greatest discounts with the lowest transaction costs. Through the deployment of proactive, interventionist measures medical costs are controlled at the outset. Payers attain greater efficiency both operationally and financially through utilization of GlobalCare's proprietary technology. Visit www.globalcare.net for more information.
