### **GlobalCare Receives Recognition for Technology Innovation**

**Atlanta, March 25, 2010** – GlobalCare, Inc. announces they have been selected as one of the Top 40 Most Innovative Technology companies in Georgia by the Technology Association of Georgia (TAG), the state's leading technology organization.

"GlobalCare utilizes advanced data management technologies to design personalized medical network solutions to ensure the greatest savings are realized for any medical event" states Bruce C. Bigsby, President & CEO, GlobalCare. "We are delighted to be recognized by the Technology Association of Georgia, a highly regarded industry association, for the company's innovation and market-leading technology."

The TAG Top 10 companies were selected based on a number of criteria, including: degree of innovation, scope and financial impact of innovation, likelihood of success and promotion of Georgia's innovative efforts nationally. Companies selected in the Top 40 were showcased at the Georgia Technology Summit, attended by over 1,000 of the state's technology leaders on March 24.

The Technology Association of Georgia (TAG) is a non-profit organization whose mission is to support its members by generating opportunities for personal, professional and business growth. By forging strategic alliances, TAG serves as a primary catalyst to foster a rich environment for economic development in Georgia's technology community. Founded in 1999 through the merger of the Business & Technology Alliance (B&TA), the Southeastern Software Association (SSA) and Women in Technology (WIT), TAG is one of the largest state technology associations in the nation. TAG is made up of 9,000 members representing technology leaders from over 1500 Georgia-based companies, affiliated technology and business organizations. For more information on the Summit visit [www.tagonline.org](http://www.tagonline.org), email [membership@tagonline.org](mailto:membership@tagonline.org) or call 404-817-3333.
