GlobalCare, Inc. announces additional PPO network access with Universal Health Network and Nevada Preferred Professionals.

Atlanta, February 24, 2009 – GlobalCare Inc. is pleased to announce the ability for its payer clients and their covered individuals to properly access Universal Health Network (UHN) and Nevada Preferred Professionals (NPP) as an integral component of GlobalCare's PPO network optimization and work flow process management services.

UHN and NPP offer significant discounts on medical costs through their extensive provider networks in Nevada statewide and which include border areas in California, Arizona and Utah. Savings are often reflected in a reduction of re-insurance costs of 15 to 30 percent to employers. To learn more about UHN or NPP, please contact their marketing department at 800-776-6959 X230 or by email at uhn.info@uhsinc.com

GlobalCare Inc is a Georgia based corporation providing network management and cost containment services for over 14 years with its headquarters in Alpharetta, GA. Our core business is to maximize the savings on every medical claim by steering members into the most appropriate level of care at the time of any medical event. GlobalCare delivers network optimization and work flow management to return the greatest discounts with the lowest transaction costs. For every member, a best-in-class Primary and Secondary medical network solution is configured to offer the broadest access with the deepest discounts. Through the deployment of proactive, interventionist measures medical costs are controlled at the outset. Payers attain greater efficiency both operationally and financially through utilization of GlobalCare's proprietary technology. Managing the integration of preferred processes and systems is a core competency which creates added-value to our clients by providing access to over 200 trading partners through one connection.
